Venice, Florida 34285

Does your child have school related anxiety?

There is a lot of emphasis on standardized testing these days, and any student can feel the effects of test anxiety.

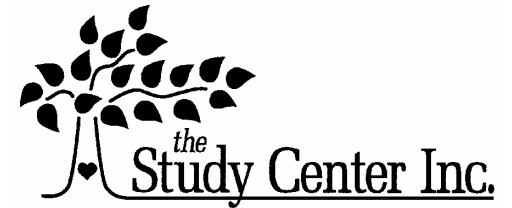

Through comprehensive diagnostics The Study Center team is able to customize study methods that reinforce the retention of knowledge, reduce anxiety, and ultimately improve performance.

"I'd like to say thank you for making my test the best I have ever taken. You were right. I'm usually very nervous during tests, but you made me feel comfortable. Thanks for the encouragement and motivation." Very sincerely, D. T.

After-School Program Specifics

By recognizing the differences in how one absorbs and interprets information, The Study Center's After School Academic Program has brought new confidence to its enrollees for over a decade.

Director Lynn Reifert uses a combination of precise pre tests, observation based on years of experience, and parent consultation to establish baselines. Her assessment of students pinpoints learning weaknesses. Individual instruction methods are planned, and techniques are implemented in a way that complements the student's own style of learning.

The Full Picture Three Distinct Areas of Education

- The After-School Academic Program
- Montessori Pre-School
- McKay Full-Day Program

The Study Center has grown to serve a variety of ages. Early childhood education is offered in the **Montessori School of Venice**, housed in the same building.

The full-day alternative education program, for elementary through high school students with special needs, offers yet another facet of highly individualized, effective, low student-teacher ratio education. This is a John McKay Scholarship school. For more information about the John McKay Scholarship Program visit: www.floridaschoolchoice.org.

Success stories!

Students of personalized academic tutoring and test preparation at The Study Center have seen impressive results!

"Words cannot possibly express the appreciation I feel for everything you have accomplished with my daughter. You have done wonders. You changed a shy little girl who lacked self-confidence into a student who loves to read." A parent

"I would like to sincerely express my appreciation to The Study Center for their impact on my son's life. He has been nominated for an All American scholarship for his grades." A parent

"As both a parent and a professional I want to recommend The Study Center as a valuable resource to help children who are experiencing school failure. The Study Center offers a necessary service to families by providing an excellent resource for professional evaluations and tutoring." A parent and educator

"Thank you for teaching me how to read better." A child
